HOME AFFAIRS.

A CHICAGO BANK TELLER SHORT IN HIS ACCOUNTS.

Fatal Explosion of Varnish—The Grand May Festival—Religious Assemblages—Etc.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

LIFE IN MISSISSIPPI.

One of Those Little Affairs That Do Not Disturb Society.

SUMMIT (Miss.), May 22d.—A shooting affair occurred near this city Saturday night, in which four men were wounded, one fatally. Mrs. Kennedy (white) visited the home of Alexander James (colored) for the purpose of collecting a bill from James' wife. A dispute arose, when Mrs. Kennedy struck the James woman with a stick. The latter retaliated and handled Mrs. Kennedy roughly. Mr. Kennedy, upon being informed of the affair, in company with others, applied to Elizey, Justice of the Peace, for a warrant for the arrest of the woman, but they being greatly infuriated and excited, it was thought best by the Justice not to issue the warrant.

They then went to the James house at night and, not finding his wife, they took James, tied him up and began whipping him to force him to tell where his wife was. While they were whipping the negro they were fired upon by some unknown persons who were lying concealed in the woods. Amos Kennedy was fatally wounded and Wright, Pounds and Lee Hinson badly. The negro was also wounded in the hand. The assailants have not been apprehended.

GREAT MUSICAL EVENT.

Opening Night of the Great May Festival at Cincinnati.

[*Copyright, 1888, by the California Associated Press.*]

CINCINNATI, May 22d.—Music Hall was packed to-night on the occasion of the opening of the May Musical Festival. Frau Lillie Lehman was the particular star. Her conquests made on former appearances here were repeated. With her in the Hymn o. p. 36 (Weber), appeared Miss Emma Crouch, Theodore Toelt and Myron W. Whitney, all in superb voice.

This was perhaps the first presentation of the immortal production in America, and was a magnificent success. In the grand chorus the ponderous organ of Theodore Thomas' Orchestra accompanied. In addition to the hymn, Symphony No. 5, C minor, o. p. 67 (Beethoven), "Eine Faust," overture (Wagner), and a cantata, "Song of Promise," composed specially for the occasion by J. K. Paine, whom Thomas said to-day was the equal of Rubenstein, were given.

VISITORS' GAMES.

A the League Clubs Defeated in Their Own Villages.

BEAN-EATERS AND HOOSIERS.

INDIANAPOLIS, May 22d.—Although the home team played hard to-day they were unable to overcome the lead Boston gained in the first three innings. Both pitchers did well. Score—Indianapolis 2, Boston 4.

A TRIPLE HANGING.

Execution of Three Red-Handed Murderers in Mississippi.

NEW ORLEANS, May 22d.—A special to the *Picayune* from Greenville, Miss., says: Three horrible and unjustifiable crimes were to-day avenged by the hanging of one white man, by the name of Graham, and two negroes, named David Moore and Willard Hall. The execution took place in the jail-yard at Bolivar. David Moore killed his companion during a game of dice; Willard Hall killed a 15-year-old boy, and Graham, the white man, was hanged for killing two white men on the Sunflower river.

The Maine Democrats.

[*Copyright, 1888, by the California Associated Press.*]

AUGUSTA (Me.), May 22d.—Chairman Brown called the Democratic State Convention to order this morning, and said the Democrats would give the Maine Republicans the hottest contest they had ever known. A. H. Powers was named as Permanent Chairman.

The following were elected delegates at large: Payson Tucker, Arthur Sewall, E. Callen and James Tobin.

Hon. W. T. Putman, of Portland, was nominated for Governor.

The platform approves of the efforts of the Democrats in Congress to pass the tariff bill, but adds: "We do not advocate free trade, but favor and desire a revision of present unjust tariff."

A Real-Life Romance.

EUFAULA, May 22d.—Fifteen years ago Bigley Smith, who had lived for several years in Chihuahua, Mexico, returned to his home in this State, bringing with him a 12 month-old girl baby named Dolores Ortagus. He asked his mother to raise and educate the little one, as he intended making her his wife if she grew up. He then returned to Chihuahua, where he has lived ever since. A few weeks ago Smith again returned home, and was pleased to find his charge grown to be a beautiful young woman. She had been kept in ignorance of his intentions, so when he broached the subject of marriage it had all the romantic suddenness which so often proves successful. She accepted and married him, and they are now on their way to their Mexican home.

The Butchers in Session.

PHILADELPHIA, May 22d.—The third annual Convention of the Butchers' National Protective Association assembled this morning at St. George's Hall with 200 delegates present, representing twenty States and 4,000 butchers. President Thomas Armour delivered the annual address.

The Strikers Will Not Quit.

GALESBURG (Ill.), May 22d.—The Burlington strikers to-day voted to continue the strike. The reason for the vote is that the three months during which, according to the Constitution, the Brotherhood could pay wages to strikers had elapsed, and the Grand Officers wanted to learn the sentiment of the strikers themselves on the question of continuance, before devising means for financial support. It is thought that support will come from an assessment levied on the Brotherhood men throughout the country.

Massachusetts Republican League.

BOSTON, May 22d.—A large number of prominent Republicans from all parts of the State met to-day and formed a State League Republican Club. George A. Marsden was elected President. James P. Foster, of New York, then made a speech, in which he said that, with the formation of this League, all the States north of Mason and Dixon's line were brought into line, while several Southern States showed gratifying progress toward Republican success.

The Turners Not Anarchists.

[*Copyright, 1888, by the California Associated Press.*]

CHICAGO, May 22d.—The North American Turn Bund decided to-day that it is not anarchistic, and has nothing to do with any anarchistic ideas. The question came up in the shape of a direct repudiation of anarchistic ideas, in view of the impression created by the conduct of certain members and societies, that the anarchistic element was in control. The repudiation was direct and emphatic. The vote stood 399 against 208.

THINGS NEW AND OLD.

Knowledge of our duties is the most useful part of our philosophy.

Better a little wit to lift the latch than the strength of an ox to force the gate.

The measure of choosing well is whether a man likes what he has chosen.—*Lamb.*

The freer you feel yourself in the presence of another, the more free is he.—*Lavater.*

No blindness or lack of opportunity to do great things deprives any of the right to be a good man.

If you can quietly wait while the pearl is made, you will gain the pearl plus its value ten thousand times, viz., patience.

He is happy whose circumstances suit his temper; but he is more excellent who can suit his temper to any circumstances.

Courtship consists in the number of quiet attentions, not so pointed as to alarm, not so vague as not to be understood.—*Sterne.*

Man's free will is free will up to a certain point only; he may choose what he will think, say or do, but he cannot choose what the consequences of these things shall be; they are fixed by a law at once immutable and gracious.

Nuggets.

Ambition breaks the ties of blood and forgets the obligation of gratitude.

The desire of more rises by a natural gradation to most, and after that to all.

Of all the things which man can do or make here below, by far the most momentous, wonderful and worthy are the things we call books.—*Carlyle.*

If rich, it is easy enough to conceal our wealth; but if poor, it is not quite so easy to conceal our poverty. We shall find it less difficult to hide a thousand guineas than one hole in our coat.—*Colton.*

All men have hours in which they see and do not think. Men of genius now and then are luminous in that way. From their souls they throw light upon things and know without reason.—*H. W. Beecher.*

What is with the treasure must fare as the treasure; the heart which haunts the treasure-house where the moth and rust corrupt, will itself be rusted and moth-eaten. Many a man or woman, fair and flourishing to see, is going about with a rusty, moth-eaten heart.

One of the best rules in conversation is, never to say a thing which any of the company can reasonably wish we had rather left unsaid; nor can there well be anything more contrary to the ends for which people meet together than to part unsatisfied with each other or themselves.

Betrayed by a Donkey.

A teamster drove a wagon loaded with stones into the city of Marseilles, France. At the gate the excisemen asked him if he had anything to pay duty on. He had not, he said. The officers, examining the load, found below the stones three casks of brandy. The teamster took to his heels, abandoning his property. "How can we find him?" was the question discussed by the officers. "I have it!" cried one of them. "Let me have the donkey and I shall find the man." He allowed the donkey to select his own road. The donkey led the way through the most populous part of the city, and at last stood still in front of a house and began singing in his most melodious tune. A window was thrown open, a man thrust out his head, and the officer immediately recognized the runaway teamster. This time the fellow failed to make his escape.—*Chicago Herald.*

The Largest Cherry Tree.

It is pretty generally known that the largest cherry tree in the State stands in the orchard of Robert Hector, near the town of Newcastle. The yield of this immense tree increases from year to year, and notwithstanding the short crop of cherries the present season, Mr. Hector assures us that this old father of the orchard will yield over 800 pounds more fruit this year than it did last. He says he will gather from this single tree over 3,000 pounds of cherries this year, which will fill more than 300 10-pound boxes. The cherries from this tree are of the Oxheart variety and are very fine.—*Newcastle News.*

The three-old-boy was in trouble again, and mamma planted him in a chair with a thud that astonished his infantile ideas of inertia. "Now you sit there and don't you take your eyes off that clock until the big hand goes to three. I'll find some way to punish you." He sat as motionless as the business man who doesn't advertise, until the minute hand had covered a quarter lap. Then mamma, with a self-satisfied smile, went to release the penitent. "Say, ma," he said, "can't I sit here and watch it some more?"—*Exchange.*

RIVER AND HARBORS.

Changes in the Sums Allowed for the Pacific Coast.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—In addition to the amendment increasing the appropriation for Oakland harbor $350,000, in the river and harbor bill, the Senate Commerce Committee has reduced the appropriation for Wilmington harbor from $90,000 to $62,500.

Stanford's plea for an increase of appropriation at San Diego was unavailing. An item is inserted giving $5,200 for Tillamook bay and bar, in Oregon. The appropriation for the improvement of the San Joaquin river is reduced from $25,000 to $20,000. For continuing the work on the canal at the Cascades, Or., the appropriation is increased from $100,000 to $300,000. For improving the mouth of the Columbia, from $350,000 to $500,000. For improving the Lower Willamette and Columbia rivers in front of and below Portland, Or., (continuing the improvement), the sum is increased from $80,000 to $81,000, of which $1,000, or so much thereof as may be necessary, may be expended in dredging the bar at Skamoka, W. T., on the Columbia river.

CALIFORNIA TALENT.

Successful Amateur Performance by Pacific Coast Ladies.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—An amateur performance of "Pygmalion and Galatea" was given at the Opera House to-day to a large and fashionable audience, for a local charity. The entertainment was given largely under the auspices of California ladies. Miss Letitia Aldrich and Miss Ada Butterfield, of California, who have been guest of Mrs. Hearst, played respectively the parts of Galatea and Cynisca. Among the patrons of the entertainment were Mrs. Stanford, Mrs. Hearst, Mrs. S. J. Field, Mrs. Morrow, Mrs. T. L. Thompson, Mrs. Stewart, Mrs. John Mullen and Mrs. Joseph McKenna. Mrs. Cleveland witnessed the performance, which was a success.

FORMALLY NOTIFIED.

The Democrats Notified that the Tariff Bill Will be Contested.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—Chairman Mills was formally notified to-day that his proposition to abandon the five-minute rule and vote on the tariff bill as it stood, would not be accepted by the Republicans.

Later in the day, after consultation with other members of the majority of the Ways and Means Committee, it was decided to begin holding sessions of the committee on Tuesday night to hear arguments of Democratic members who have amendments to offer.

Breckenridge, of the committee, said to-night that it was the intention of the committee to meet all Democrats half way, when it was possible, so as to leave them no room for complaint.

Evidently they intend to make desperate efforts to win back to the fold Randall and his followers, if such a thing be possible now.

BOGUS BIDS.

A New Method of Creating a Stir in the Money Market.

WASHINGTON, May 22d.—It is now definitely settled that the offer to sell the Government $5,260,000 of bonds, made in the name of a well-known Philadelphia firm, was a straw bid, solely intended to affect the stock market. The firm whose name was used informed the department to-day that they did not make the offer, and did not know who did. They promise to aid the authorities in any way that might lead to the discovery of the person who used their name without authority. The matter is being thoroughly investigated.

CONGRESSIONAL PROCEEDINGS.

The Senate.

WASHINGTON, May 22d.—The Senate in the morning hour passed a number of small bills and then went into executive session on the fisheries treaty.

It was decided by a vote of 28 to 27 not to consider the fisheries treaty in open session. The decision was upon strict party lines, except in the case of Senator Hale, who voted with the Democrats, adversely to the Riddleberger resolution. Upon the announcement of the result the body went at once into legislative session. No time was fixed for taking up the treaty.

The Senate next took up the House bill to establish a department of labor, and Reagan spoke in opposition.

Some minor business was done and the Senate adjourned.

The House.

WASHINGTON, May 22d.—It is labor day in the House. A bill to confine convict-made goods to the State in which they are manufactured has been under consideration all day, meeting with much opposition.

After a prolonged and tedious debate, Cannon of Illinois offered an amendment prohibiting the importation for commercial purposes of all goods, wares or merchandise from any foreign country to the United States which in whole or in part were manufactured or produced by convict labor, and prescribing penalties for a violation of this prohibition. Adopted.

The previous question was then ordered —yeas 185, nays 44—on the engrossment and third reading of the bill, and the House adjourned.

Santa Monica Breakwater.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—Senator Frye introduced a resolution in the Senate to-day, and it was adopted, calling on the Secretary of War for the probable cost of a breakwater in Santa Monica Bay, at a depth of nine fathoms, and of a length and location to secure safe anchorage at all points, not less than one mile in width; also, what part of said amount could be spent this year.

Fractional Currency vs. Shinplasters.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—The Senate Finance Committee to-day made an adverse report on the House bill authorizing the issue of fractional currency in place of the shinplaster which the Secretary of the Treasury is opposed to. They make an amendment reducing the price of postal notes to one cent when the amount is below one dollar.

Status of the Fisheries Treaty.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—Senator Stewart said to-night that the fisheries treaty would yet be carried in open session, or else a substitute would be offered. The Western Senators, he thought, would not consent to vote directly to reject the treaty, because they wanted the bad features of the bill—and there were many of them—brought to the attention of the people.

Knights of the Golden Eagle.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—The Supreme Council of the Knights of the Golden Eagle is holding its annual convocation here. This afternoon the Council and attendant Knights were out in a grand street parade, some 3,000 appearing in line. At Lafayette Park the procession left Pennsylvania Avenue, and passing through the White House grounds, was viewed by President Cleveland.

Sailing Orders for the "Bear."

WASHINGTON, May 22d.—The Acting Secretary of the Treasury has signed the sailing orders of the revenue steamer Bear now fitting out at San Francisco for a cruise to the Seal islands and Alaska, and it is expected she will sail before the end of this week. The orders are exactly similar to those of last year, and show no change whatever in the policy of the Government in regard to the seal fisheries.

Illness of General Sheridan.

WASHINGTON, May 22d.—Ever since his return from the West last Saturday, General Sheridan has been suffering from nervous prostration, and the fact that there was a consultation of physicians at his house this afternoon has excited grave apprehensions among his friends. Dr. Yarrow told me this evening that there was nothing in the General's condition to excite apprehension, and that he was getting along nicely, and would probably be out of his house and at his office again in a few days.

California Pensions.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—California pensions have been granted as follows: George Chapman, Sacramento; Albert Thompson, Colton; Amelia L., widow of Lucius S. Newcomb, Auburn; Charles A. W. Duret, alias Charles McNulter, Yankee Hill; R. D. Israel, San Diego; Cornelius J. Ranney, San Francisco; Philip R. Robinson, Redding.

The Labor Department Bill.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—The Senate today passed the bill to establish a Department of Labor. The bill confines convict-made goods to the State where manufactured. It occupied the attention of the House all day, and the hour of adjournment arrived before a vote was reached. The bill is probably dead for this session.

Mills' Bill to be Fought by Sections.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—The Republican caucus held to-night at the residence of Congressman Hitt came to no decision about a substitute to the Mills bill. After discussion it was decided to oppose the bill by sections when taken up under the five-minute rule.

National Bar Association.

WASHINGTON, May 22d.—A Convention of delegates from many of the State and local Bar Associations of the country, having for its object the formation of a National Association, met to-day. The call for the Convention was issued one month ago by the Bar Association of the District of Columbia. Among the State Associations represented is that of California.

A Presidential Jaunt.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—The President and Mrs. Cleveland will leave to-morrow morning for Philadelphia, where they will attend the Presbyterian anniversary. Mrs. Cleveland will probably christen the cruiser Baltimore at Philadelphia on July 4th.

Through Indian Territory.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d.—Congressman Perkins has been authorized by the House Committee on Indian Affairs to favorably report a bill granting the right of way to the St. Louis and San Francisco Railroad through Indian Territory.

Calling on the President.

[*Copyright, 1888, by the California Associated Press.*]

WASHINGTON, May 22d. — Among the callers at the White House to-day were Representative Thompson, Mrs. Mervin Donohue, Miss Ashe of San Francisco, and Miss Thompson.

Mrs. Stanford's Health.

WASHINGTON, May 22d. — Senator and Mrs. Stanford sail for Europe on Saturday. Senator Stanford leaves his official duties in the Senate with reluctance, but is forced to do so on account of his wife's health. Her physicians say she must be taken abroad.

The Sacramento Public Building.

TELEGRAPHIC BREVITIES.

Ben Pressett, while driving across the Rio Grande track, in Utah, on Sunday, was struck by a train and killed.

Stephen Hansdorf has lost his wife, who arrived in San Francisco on the 8th of May, and does not know where she is.

There was no surprise in Chicago sporting circles over the defeat of Glover by McAuliffe. The former is not considered there anything extra of a fighter.

The story now is that the shooting in Chico on Sunday night was the result of a put-up job by a newspaper man to create a sensation. He denies it, however.

Parties who have purchased dry land from the State of Oregon under the Swamp Land Act are suing settlers in the United States Court to eject them from the land.

The rate paid for surveying by the National Government is so small that nobody will do work in Oregon for it, and much land that settlers would gladly take lies unsurveyed.

Washington Territory has elected six delegates to the Chicago Convention, though entitled to but two, and there is inharmony over the question which of them are entitled to sit.

Paul Grattkan, the Anarchist agitator, has been released from the House of Correction at Milwaukee, after serving but six weeks of his sentence of one year's imprisonment, on account of a technicality.

Van Sutliffe, a farmer living near Chico, became violently insane, and imagined that his neighbors were trying to get his property. He loaded a Winchester rifle, went out in the road and fire at every passer-by, but fortunately no one was hurt. He shot ten times, when he was finally overpowered and taken to his home.

Bless the Farmer Boy.

A character often written about in fishing stories is the barefooted, tanned and freckled farmer's boy; that very chap I saw coming toward me as I was peering through the bushes to find a place where I could put my flies. His twinkling eyes seemed to be comparing

TRANSPARENT CONCERN.

Lately the San Francisco *Chronicle* has been making ostentatious manifestations of its opposition to the Southern Pacific Company. Such manifestations in the *Chronicle* usually precede some act of subserviency. The *Chronicle* is evidently preparing the way for doing just what the corporation may desire in some instance, or of doing the railroad company some signal service, and yet maintaining a reputation for stalwart independence. The most recent complaint of the *Chronicle* against the railroad company is, in effect, that it has refused to give persons desiring to attend the National Republican Convention at Chicago in June emigrant rates of transportation. It says that the railroad company charges twenty dollars more for excursion rates from San Francisco to Chicago and return than it charges from Chicago to San Francisco and return. It further says that the delegates to the Convention will go, because they promised to, but it will greatly restrict and limit the number of persons who might have gone had greater concessions in the rate of transportation been given. It affords us great pleasure to see that the delegates are so self-sacrificing that they are willing to stand twenty dollars more than the emigrant rate to Chicago and return, because of the promise they have made to a Convention that they will attend the national gathering. We, however, venture the opinion that there is not one single delegate elected to either the Republican or Democratic National Conventions who will not expect free transportation at the hands of the railroad company, and we further suggest that twenty dollars difference between the rate from Chicago to San Francisco and the rate from San Francisco and return, is not a very large sum when the general expenses of a delegate to a National Convention are to be brought into comparison with it. The *Chronicle*, however, denounces as a narrow-minded, short-sighted, selfish policy the action of the Southern Pacific Company in charging twenty dollars more for a round trip from San Francisco to Chicago than the rate given in the interest of immigration from Chicago to San Francisco.

The proprietor of the *Chronicle* was an importunate candidate for delegate to the National Convention, and while in view of that fact the present doleful wail of the paper concerning the cost of transportation is certainly not in good taste, it will nevertheless answer as a precautionary profession which will tend to keep the paper solid with whatever remnant of anti-monopoly sentiment may remain in this country.

A NOTABLE CONVENTION.

A Convention is called to assemble in Washington to be composed wholly of lawyers, the purpose of which is to devise means for securing uniformity of laws in the United States relating to marriage and divorce.

There is no subject connected with the laws of the domestic relations that is so fraught with interest to the investigator or of importance to American society. The independency of the States it is not proposed to disturb in the matter of making laws concerning marriage and divorce; it is not even proposed to ask for an amendment to the Federal Constitution in order to invest Congress with greater powers; it is proposed only to devise means to secure uniformity, through consultation, and by the force of reason to bring the people of the several States into agreement upon what shall constitute cause for divorce, and what shall be deemed proper celebration and evidence of marriage.

Of course this will be a serious task, one that must enlist a great amount of energy, philanthrophy and untiring patience, but it can be accomplished, and there is no class of men who can so well do it as lawyers. Fortunately they have the sympathy and active aid of the clergy, the leading essayists, the best thinkers of the day, the great sociologists and the majority of the foremost thinkers and workers for woman's welfare.

It is undeniable that under our present diverse systems we are legalizing polygamy; that we are destroying respect for the sanctity of marriage; that we are fostering crime and immorality, and hardening the sensibilities of youth concerning the shamefulness and wickedness of violation of marital vows. We have the authority of President Woolsey for the fact that our ratio of divorces to marriages or to population exceeds that of any country in the civilized world. This is by no means testimony in behalf of the freedom of our institutions and the liberties the people enjoy—it is rather evidence of a moral retrogressive drift that ought to alarm society.

When it is possible for the citizens of a common country to be guilty of bigamy in one State and innocent of it under the same act in another; when it is possible for a man and woman to be recognized as husband and wife in one State and as adulterers because of their relation in another; when it is possible by mere removal across a suppositious line to legally put away a wife, who in the jurisdiction of her own territory is regarded still as a wife; when it is possible for the bonds between husband and wife to be legally severed within a few weeks' time and without the knowledge of the application for a decree being made known to one of the parties, though that knowledge might be easily communicated—and all these things are possible and actually occur in the United States—it is time for such reformation of the State laws as will correct the evil. We look forward to the coming law Convention with interest, and the hope that it will set the ball in motion that will crush out the offenses complained of.

RAIL CONNECTION WITH SANTA ROSA.

The completion of railroad connection between this city and Santa Rosa, the county seat of Sonoma county, will be accomplished within a month. It will be an event of much importance to this city, as it will for the first time bring the Sacramento valley into direct connection with the coast north of San Francisco bay, and will establish immediate commercial relations between the richest of the northern coast counties and Sacramento. It will enable the trade interests of Sacramento to compete for business in Sonoma with the metropolis. As a natural result, it will bring the people of the two sections into better acquaintance. Heretofore the only convenient means of reaching the Redwood region and the rich sections of the Sonoma, Santa Rosa and Russian river valleys, has been by the roundabout way of transportation through San Francisco, compelling travelers to make a detour far to the south, and to twice cross San Francisco bay, consuming from eight to ten hours of time. With the opening of the Santa Rosa and Carquinez road this time will be reduced to about four or five hours, and the trip can be made without change of cars or involving any travel by water. The products of the Sonoma section will reach Sacramento without being twice handled, and our products will go to the coast county as directly as it is possible to ship them anywhere. These facts suggest the great importance of the road to this region, without further comment. It is stated by the news dispatches that when the road is completed it is intended to have a grand celebration at Santa Rosa, and that an excursion train will be run from this city. The opportunity to cultivate the acquaintance of the Sonoma people and closer commercial relations with them, will certainly be improved by our business men. There should go from Sacramento a sufficiently large and representative delegation to do this city credit, and to comport with the importance of the occasion. Every new rail connection with Sacramento augments the commercial advantages of this city, and more firmly fixes interests of every character, thus appreciating the importance of this city as a trade center, and bringing nearer the period of its full development.

AN Eastern contemporary says:

Christian science and mind-cure have been under the observation of the people for over three years. By their works these cults have become known, and those works are not giving satisfaction. Thorns are not yielding grapes, nor are thistles bending with figs. In damp and cold weather attacks of pneumonia need mustard and flaxseed applications, quinine, iron, ipecac and all the frail aids on which poor humanity must lean. Prayer and thought must come after practical effort to save life. The mind-cure and faith-cure have sat inanely by the bed of the dying, making no sign.

This is almost coarse language, but it holds truth in its grasp, as men now see. The freedom of thought that gives these new doctrines privilege has not yet evolved in practice such results as justify any one in leaning upon them. There is no disposition to assail the motives of the preachers of the new dogma of healing; we may well admit them to be sincere, but they must submit to be judged by the practical results of their work, and thus far not only have they failed to make any deep impression upon the public mind, but they have not been able to demonstrate that theirs is a progressive science or that it promises for the future the development that distinguishes all discovery of merit. The influence of the mind upon the body, of trust in the healer, of determination to conquer ills; these are known and potent factors, but that the new "sciences" of healing referred to have done more than has been accomplished by will, by resolution to conquer disease and by ambition to live, has not been, after some years of trial, demonstrated or even established as reasonable theories.

PRESS EXPRESSIONS.

The expediency of a thorough organization of the voters in every county and precinct cannot be too earnestly advocated. If eternal vigilance is the price of liberty, surely bondage is the reward of neutrality.—*Shasta Index.*

Two young men are under arrest for trying to wreck a Sunday picnic train. There is some doubt whether they are stern moralists trying to attend to the business that Providence seems to have forgotten, or merely ordinary fiends.—*Exchange.*

It is a sure sign of ability in office when you see a man maligned and lied upon day in and day out. It is certain that he is hurting corners or rings that rob the people, else this hue and cry would not be so persistently kept up.—*Oroville Register.*

Lord, how mixed we mortals are! Speak of the defeat of the Democratic party; this can never be. Why at our last Convention a score of the most influential men in the Republican ranks came over to us—with advice—and the rostrum was covered with Republican editors. Thus we continue to draw; see?—*Colusa Democrat.*

The doctors of Erie, Pa., are very much interested in the case of a man who lost the whole top of his head by an accident, and is about to get well. He may never recover the use of all his faculties, but he will probably get through with brains enough to run for Congress on the Democratic ticket.—*Globe-Democrat.*

It seems impossible for the Democrats of Sacramento county to retain possession of the sense the Lord fitted them up with when he manufactured them. It had been hoped that they would remember two years ago and maintain at least the semblance of harmony this year, but it seems that that is beyond their power. Do they want another Waterloo?—*Folsom Telegraph.*

It is conceded upon all hands that division of this county (Colusa) must come at some time. "But not now, not now!" Why not? Is it desired that we, of northern Colusa, shall go on improving the lower end of the county building roads, bridges and public buildings, sufficient for all time to come, before we shall be permitted to do for ourselves.—*Willows Journal.*

No man, however popular and admired, can be said to control the Republican party or its destiny, and it would be a confession of weakness to say that the nomination of any particular candidate is essential to success. It is true that much depends upon the judicious selection of a ticket, but the campaign is to be one of party principles, not a mere choice of men for office.—*Marysville Appeal.*

The numerous wheat fields around the country are showing up first-class; the stocks high, rank and thick, and the heads filling out full. The present weather could not be improved on for the assurance of a full crop. The summer-fallow all over this section will produce fine number one grain, as will most of the winter sown. The only short crops we have seen in our meanders were a few fields of volunteer, and even these will make fine hay.—*Biggs Argus.*

It is a very common error with partisans to suppose that papers supporting the principles of political parties must support all of that party's men or measures, but the error is none the less for being widespread. Indeed, it sometimes becomes the imperative duty of a party paper to assist in defeating men who are nominated by the party whose principles it supports. When a party makes a bad nomination success is a party misfortune.—*Stockton Independent.*

The platform just adopted by the California Democracy must be regarded as an immense joke. We do not say this merely to find fault with political opponents, but because the platform strongly appeals to our sense of the ludicrous. It is certainly funny to see a man try to ride two ways at one time, to see him laugh on one side of his face and look solemn on the other side, and to see him knocking away the f undations on which he stands, unconscious of the impending tumble.—*Santa Cruz Sentinel.*

The high reputation of this section of the State for fruit growing without irrigation will renew the tide of immigration and within a few years the population of the Sacramento valley will be ten-fold what it counts to-day. The immigration that has been turned back by the unfortunate and unsuccessful ventures in southern counties of California will face about and find success in the Sacramento valley. The emigration to Northern California will increase from this day on, and being free from the inflation incident to land speculation it will go on in magnitude and numbers.—*Marysville Democrat.*

CORPORAL TANNER AND SWIFT IN OREGON.

The Knight's Landing Railroad—A Death by Lightning—Suicide of a Lady—Etc.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

A PECULIAR CASE.

Damages Awarded an Oregonian for the Death of His Brother.

[*Copyright, 1888, by the California Associated Press.*]

PORTLAND, May 22d.—A decision was given by Judge Deady yesterday in the United States District Court in the case of John J. Holland, administrator, vs. Brown & McCabe and R. Koehler, Receiver of the O. and C. Railroad. The suit was brought to recover damages for the death of Philip Holland, killed last year during a collision between the O. and C. ferry-boat and the steam-launch Mikado. The decision awards plaintiff $2,500 and costs.

This is a peculiar case, inasmuch as the man killed was unmarried, and his brother, who was appointed administrator, sued for damages.

Corporal Tanner Doing Effective Republican Work.

[*Copyright, 1888, by the California Associated Press.*]

GRANT'S PASS, May 22d.—There was a rousing Republican rally here last evening. The meeting was addressed by Corporal J. Tanner, of New York. Mr. Tanner is very convincing in his remarks. He is well posted, and contradicted the statements made by Democratic orators. He is regarded as the ablest campaign speaker in the field.

Swift Replies to Irish.

[*Copyright, 1888, by the California Associated Press.*]

LEGRANDE, May 22d.—The merry strains of the Island City Band called many people together at Turner Hall to hear California's great Protectionist, Hon. John F. Swift. The Republican majority in LeGrande is estimated at fifty persons at least, and probably will be much larger. Colonel Irish, in his speech here on Saturday, made the statement that under the present protective system playing cards were allowed to go untouched, while bibles were taxed 25 per cent. This nice little subterfuge had weight with a few persons in LeGrande, and promised to make some Democratic votes; but the effect was completely counteracted by Swift who set forth the matter in its true light. He gained many votes by his logic and earnestness.

A Webfoot Curiosity.

[*Copyright, 1888, by the California Associated Press.*]

PORTLAND, May 22d.—Henry Penrod, the one-armed printer of this city, who sets 1,000 ems an hour, has accepted a position in a Kansas City dime museum at a big salary. He will interest printers generally, also outsiders, as he is a veritable curiosity.

Why the Baker Made No Money.

[*Copyright, 1888, by the California Associated Press.*]

PORTLAND, May 22d.—To-day Joseph Schilling was arrested charged with the embezzlement of $2,000 from Theodore H. Liebe, a baker. Schilling was employed in driving a delivery wagon for the past two years, and managed in that time to knock down, it is alleged, the above sum, which he squandered in dissipation. Schilling is well connected, and his thefts will probably be made good by his friends.

Surveying the Knight's Landing Road.

[*Copyright, 1888, by the California Associated Press.*]

MARYSVILLE, May 22d.—The survey to determine the cost and practicability of the proposed Marysville and Knight's Landing Railroad has been begun by the California Northern Company, which owns the road between this city and Oroville. The survey is being made by T. W. Reese, and starts from this end of the route. The line he has followed starts from the Oroville depot here and runs across the Feather river and through Yuba City, thence in a southerly direction, about parallel with Feather river and south of the line of the old California Pacific road.

A Victory for the Saloons.

[*Copyright, 1888, by the California Associated Press.*]

SAN BUENAVENTURA, May 22d.—Some time since the City Council passed a resolution that after July 1, 1888, no liquor license shall be issued. Last night the Council met, took up the same matter and indefinitely postponed it. This action on the part of the Council is considered a square victory for the saloon men, but the majority of the tax-payers seem satisfied with the result. Licenses will be issued at the same rate as before per quarter.

It Was Popular Thirty Years Ago.

[*Copyright, 1888, by the California Associated Press.*]

ST. HELENA, May 22d.—Work was commenced yesterday at the White Sulphur Springs, lately sold to Johnson, Dunham & Otterson, who will have the place thoroughly repaired and ready for guests by the middle of June. A street railway from town to the springs, two and a half miles, is an almost assured fact. About $4,000 of the stock is already taken.

Preparing for the Teachers.

Attempt at Robbery.

WHEATLAND, May 22d.—An attempt was made at a late hour last night to rob Judge Bray while on his way home. The attempt was a failure, owing to the Judge's resistance, but the footpads got away.

Court at Redding.

REDDING, May 22d.—Court was held yesterday for the first time in Redding. The county offices, although in disorder, are doing official business. The town is very lively and business is good.

A Fortunate Young Lady.

MOUNTAIN MAID.

Heroine of a Queer Romance and Heiress to $15,000.

One of the Boston Sunday papers prints a very romantic story of the discovery in the Tennessee mountains of the outcast daughter and heiress of a Nantucket physician. It appears that Dr. Augustus Franklin, who had lived on the island since 1862, and was, perhaps, the leading physician in all Nantucket, left the place and was gone about sixteen months. When he returned he inserted a card in the local paper, announcing that he would resume his practice on a certain date. At the end of this notice was the announcement that mystified the people of Nantucket. He changed his name. The physician whom the whole town had for years known as Dr. Franklin stated that hereafter he wished to be known as Franklin Augustus Ellis.

Great was the wonderment, many were the surmises and not a few were the stories told, but no one knew the truth. The physician's lips were sealed, and when, years afterward, death came, the doctor and the secret were buried together. His popularity in Nantucket, both before and after his change of name, was great. His success as a physician was extraordinary, and his participation in all the public interests of the town was marked. The opium habit, however, crept upon him, and by 1883 he was a slave to the drug. In March of that year he left the island alone and came to Boston. In May, 1884, he died at Monson, leaving a will bequeathing some $15,000 to his three sisters.

Now comes the strange portion of the story. George H. Newton, of Monson, the attorney who settled the estate in behalf of the heirs, made a trip to California the following year. At Santa Ana he became acquainted with Ephraim H. Cleveland, a former resident of Massachusetts, who it turned out, was an acquaintance of the late Dr. Ellis. Mr. Newton was much surprised to learn from Mr. Cleveland that Dr. Ellis had been married in 1860. Mr. Cleveland said that in company with the doctor, he was in Saylesville in 1859 where the doctor taught school and practiced dentistry, while the former taught penmanship. In the fall of 1860, Ellis, Mr. Cleveland said, married Martha Paty of Saylesville. About a week later he robbed her of $6,000 and disappeared.

Upon learning these facts Mr. Newton began a systematic search for the widow and child, if any, for he had been informed by Mr. Cleveland that a child had been born to Martha and Dr. Ellis a few months succeeding the latter's departure to regions unknown. Mr. Cleveland having known the father of the child so well became at once greatly interested in the case. The widow and child were traced to Moro, Ill., and it was learned that they had gone thence to some place in Tennessee. E. Hall, of Collinsville, Ala., was also interested in the case, and to him came the information in January last that a girl named Sarah Anne Ellis was living in one of the so-called "Moonshining" districts of Tennessee.

Mr. Hall proceeded to the locality at once, and after riding on horseback for a long time, for the roads were impassable for vehicles, he at last came to an old log house where he found the girl in question. She was scantily clad and surrounded by meager household furnishings. Her appearance indicated that she had been subject to all kinds of drudgery that one could impose, and investigation proved that she had practically been the slave of an old and eccentric moonshiner, although her character was above suspicion. She is of medium height and fair complexion, while her mountain life has given her a particularly robust appearance. Her hair is of a shade of brown, and her grayish eyes resemble those of her late father, although otherwise her features are similar to those of her deceased mother.

She told Mr. Hall that her mother had been dead about eleven years, but that her maiden name was Martha Paty. She remembers distinctly hearing her mother relating many things concerning her father, whom she never saw, but whose name her mother told her was Franklin Augustus Ellis, and that he had been a dentist and a teacher before their marriage. Her mother also told her that shortly before her birth her father deserted her.

The girl is now in Collinsville, at the house of her mother's cousin, Mrs. Eliza A. Adams, who, though she had not seen the child for many years, at once recognized her by the features that so much resembled those of her mother. A perfect chain of evidence has been found for the future in support of her claim. Whether the matter will be adjusted in the Courts or by a compromise with the three sisters, who now enjoy the possession of their dead brother's wealth, remains to be determined.

GENERAL NOTICES.

Advice to Mothers.—Mrs. Winslow's SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhea, whether arising from teething or other causes. SUCCESS ASSURED.

The Exposition Building Will Open on the 2d of June.

A meeting of the committee appointed to arrange for the opening of the permanent exhibit held a meeting at the Exposition building yesterday, Chairman E. R. Hamilton presiding. After a general exchange of views, Superintendent Maydwell reported as a result of his visits to Boards of Trade of the several counties north of Sacramento, that as the representative of the Improvement Association of the city and county of Sacramento he had been received with marked courtesy; that he found the people heartily approved the efforts of Sacramento to further the interests of Central and Northern California, by providing for a permanent exhibit of its resources. Every section visited appointed active committees to arrange for an exhibit to be in place on the opening day, Saturday, June 2d, and appointed representatives to attend and take part in the inaugural exercises. He also read replies from prominent fruit growers, gardeners and farmers, signifying a willingness to contribute to the display of Sacramento county.

The committee feel very much encouraged from the favorable responses, but realizing the necessity of further and more general efforts being made to insure the unqualified success of the enterprise, resolved to appoint a committee of ladies and gentlemen to solicit from our citizens contributions of green, preserved and dried fruits, vegetables, cereals and all other products of Sacramento county.

The building will be ready to receive exhibits the first of next week, and it is desired that contributions should be sent in as early in the week as possible.

Persons contributing are requested to place their names on articles sent in.

Articles will be called for if it is inconvenient to send them, by leaving word with J. O. Coleman, Secretary, or W. B. Maydweli, Superintendent of building.

Following are the persons named on the committees:

A NEW BUSINESS.

The Cannery at Sixth and G Streets an Established Fact.

Some weeks ago the RECORD-UNION published a long account of the cannery proposed by the Manufacturing Committee of the Sacramento Improvement Association. For that purpose the old St. Louis brewery property was secured. It is a two-story brick extending from street to alley, has basements with cement floors, fitted up with engines, etc., and has a railroad side track at the door. It was no sooner proposed than business men saw in it a good investment and the stock was rapidly subscribed. Several meetings have been held and the enterprise was a pronounced success from the start.

At the last meeting of the subscribers to the capital stock held, in the rooms of the Sacramento Board of Trade, a large number were present and an interesting discussion took place. It was unanimously decided to at once incorporate under the laws of the State so that the company can get into business without delay and handle a portion of this year's fruit crop. The papers will be filed with the County Recorder and Secretary of State to-day under the name of the Sacramento Packing and Drying Company, and the following well-known citizens will be the Directors for the first year: J. M. Avery, C. H. Cummings, William Schaw, Edward Dieterle, A. S. Hopkins, J. F. Hill, Sacramento; J. Routier, M. C. Pike, John Studarus, Routier's Station; William Johnston, Richland; George A. Smith, Courtland.

A meeting of the Directors will be held at the law office of Taylor & Holl, corner of Seventh and J streets, at 1 o'clock P. M. on Saturday next, for the election of officers and other business. All the Directors are requested to be in attendance. The company will handle all kinds of fruit and tend to shipments to the best markets.

Police Cullings.

But little business was transacted in the Police Court yesterday. The case of George Schultz, charged with the embezzlement of a shotgun from Wm. Eberhardt, was continued until to-day. He pleaded not guilty. The Chinamen arrested some days since for selling lottery tickets, demanded jury trials, and their cases were continued. Hong Sing, arrested for violation of the health ordinance, secured a continuance to June the 5th. J. Lenon, arrested for being drunk, begged off. W. H. Holland, on a similar offense, was fined $5 or five days.

A Broken Arm.

Yesterday morning Tommy Connors, a five-year-old lad, who was riding on a dirt wagon, fell off at Twenty-fifth and O streets. His right arm was caught in the spokes of the wheel, and broken in the elbow-joint. The fracture is a painful one and will likely leave a stiff joint. The father of the lad is the porter in the composing-room of the State Printing Office.

THE FIRST PEACHES.—Yesterday we noticed a fine display at the Sacramento Market, 308, 310 and 312 K street, of apricots, blackberries, currants, raspberries, strawberries and gooseberries. Also, a few peaches, the first of the season.

MATHUSHEK PIANOS with the tuning pins bushed into a thick iron frame. Only piano that has stood this climate for the last twenty years. See them at Cooper's music store.

PIANOS.—Bargains in squares, from $75 to $275, now on hand. Hammer's, 820 J street.

WHITE mull hats will be in our sale at a cut price to-morrow. Millinery department, Red House.

ARCADIAN, the ideal Waukesha Mineral Water.

GRANGERS' PICNIC.

THE COUNTRY PEOPLE ENTERTAIN THEIR CITY FRIENDS.

A Race for the Orphans—An Immense Crowd, and the Jolliest Time on Record.

For many years past it has been the custom of the farmers of Sacramento county to assemble for their annual picnic at Beach's Grove, located on the Sacramento river a short distance below Freeport. The first day of May is usually selected, but this year the picnic was postponed until the 22d of May, on account of inclement weather on the day first named.

The picnic took place yesterday and was a splendid success in every way. The fact that most of the large picnics were held this year in advance of it did not make any difference in the attendance; neither did the fact that the farmers were in the midst of the haying season. They left their mowing machines in the field and came from far and near, while the city people turned out in greater numbers than ever. Livery rigs were at a premium, and every one in the city was engaged before Monday night. All sorts of vehicles were pressed into the service, from the omnibus to the dog-cart.

People were on the way early in the morning and an almost unbroken line of carriages occupied the Freeport road for several hours. Many went by way of the Riverside road and enjoyed their ride over that delightful thoroughfare. There was very little hoodlumish conduct on the road and none at the grove, as the best of order was maintained throughout the day. There were between three and four thousand people on the grounds, and yet there was not a single disturbance of any kind.

THE FEASTING.

At the ordinary picnic people have lunch—at the Granger's picnic they have a feast. At noontime the extensive grove presented a delightful picture. Under each of the stately oaks for nearly half a mile were spread snow-white tablecloths, piled full of edibles and surrounded by groups of merry people. The farmers' wives and daughters had prepared enough for all, and the city people were made welcome to the best. No one was allowed to go hungry. Hiram Johnson went around among the crowd, as of old, saying, "If you see anybody who has not had dinner, send them down our way. There's plenty there for all, and we keep open house until 4 o'clock."

THE GAMES

Were the next feature of the day, and proved unusually interesting. A baseball match was played in an adjoining field between two picked nines, but it did not tempt a great many from the animated scenes in the grove.

There was a regular programme of races, with liberal cash prizes. Erskine Greer acted as Secretary; Morris Toomey, A. Crull and E. B. Willis as judges, and Joseph Sims as starter.

There were a goodly number of contestants in each race and an immense crowd of spectators. The winners of the various races were as follows:

Boys under 8 years—Edgar Goshing, first prize, $1; Howard May, second prize, 50 cents.

Boys under 10 years—Charles Oatman, first prize, $1; George Harlow, second prize, 50 cents.

Girls under 8 years—May Myers, first prize, $1; Julia Simons, second prize, 50 cents.

Girls under 12 years—Josie Myers, first prize, $1; Katie Brown, 50 cents.

Boys under 14 years—Lewis Witt, first prize, $1; Albert Westlake, second prize, 50 cents.

Boys under 18 years—Richard May, first prize, $2; W. W. Defour, second prize, $1.

Girls under 16 years—Katie Wittenbrock, first prize, $2; Josie Myers, second prize, $1.

Egg race, for ladies—Josie Myers, first prize, $2; Hattie Myers, second prize, $1.

Married ladies' race—Mrs. Nettie Jackson, first prize, $3; Mrs. Ike Roden, second prize, $1 50.

Unmarried ladies' race—Dixy Harlow, first prize, $2; Lizzie Myers, second prize, $1.

Free-for-all race—Richard May, $5.

Gentlemen's potato race—W. Foote, first prize, $3; Albert Defour, second prize, $2.

Potato race for ladies—Josie Myers, first prize, $3; Mrs. Nettie Jackson, second prize, $2.

Sack race—J. Harlow, first prize, $3; Frank Baker, second prize, $2.

Race for men over 59 years of age—W. A. Simons, first prize, DAILY RECORD-UNION for one year; J. C. McLaughlin, second prize, WEEKLY UNION for one year.

Three-legged race—H. Warren and J. Harlow, first prize, $2; J. Sheridan and J. Hughes, second prize, $1.

Many of the races were hotly contested, and all were thoroughly enjoyed by the lookers-on. The sack, potato and three-legged races created an infinite amount of amusement.

FOR THE ORPHANS.

While the races were in progress Sol. Runyon and J. M. Stephenson, two well-known residents on the Sacramento river, got into a friendly dispute as to their relative abilities as sprinters, which resulted in a match between them for $5 a side, the winner to pay the money over to the Sacramento Orphan Asylum. After putting up an additional dollar each as entrance money, the two athletes stepped into the inclosure, and divested themselves of their hats and coats. At the word "go," from Mr. Sims, they dashed over the course. Mr. Runyon had a clear lead for some distance, but as he neared the line he stopped to see what had become of his opponent, and the latter arriving about that time the judges declared it a dead heat, and the gentlemen were compelled to run a second heat, which resulted in Mr. Stephenson being distanced. Badly out of wind he approached the judges and announced: "I'll bet five dollars I can set down harder than he can."

Dancing was indulged in all day by the young people, the First Artillery Band furnishing the music. Miss Harvey, daughter of Samuel Harvey, of this city, danced the Highland Fling, by request, and was warmly applauded.

WHO WAS THERE?

It seemed as though everybody was there. The politicians were on hand in force. From the city the following well-known citizens were noticed: Sheriff M. M. Drew, District Attorney Elwood Bruner, Deputy District Attorney Jay R. Brown, County Superintendent of Schools Howard, Chief of Police Timothy Lee, officer Franks, Constable Ben Chambers, Justice of the Peace George W. Davis, County Recorder William Miller, Wilber George, W. A. Gett, County Clerk W. B. Hamilton, M. Howard, J. R. Hodson, E. Greer, John Talbot, G. A. Morgan, and many others.

Among the well-known county people were Uncle Isaac Freeman, Hiram Johnson, Jacob Korn, S. E. Allen, H. C. Ross, William Johnston, Henry Eberhardt, A. Plummer, John A. Simons, Cyrus Toll, Joseph Sims, M. Jackson, Henry Jackson, Jack Houston, C. A. Hull, L. S. Dart, Maurice Toomey, George Hack, A. Krull, D. Upton, Dr. Reese, John Reith, James Jackson, W. L. Willis, S. Kennedy, J. M. Stephenson, Dolph Runyon, Myron Smith, Sol. Runyon, A. Gunter, John Gilmore, Arthur Webb, J. Neely, Joseph Kerr, H. A. Hill, W. Lindsay and N. Fay. Most of these people had their families with them.

THE COMMITTEE OF ARRANGEMENTS

Is entitled to a great deal of credit for the manner in which the whole affair was conducted. It was composed of John Reith (Chairman), Joseph Sims, Morris Toomey, L. H. Fassett, David Reese, Wm. Johnston, A. Crull, Harry Beach and Nelson Wilcox. These gentlemen spared no pains to see that every body had a good time, and that the best of order was maintained.

CAUTION.—Don't be deceived; there is no piano but the Mathushek which has the tuning pins bushed into a solid, thick iron frame. The thin plates without bushings in other pianos are a detriment when the tuning pins pull over against the plate. See and hear the Mathusheks at Cooper's music store.

MURRILLA OR SOUR CHERRIES.—We are receiving large quantities of these cherries at present, and housewives will do well to put up their winter supply immediately. Give us your order and we will guarantee satisfaction. Sacramento Market, 308, 310 and 312 K street.

LADIES, if you are any way interested in your husbands' welfare financially, you will visit our millinery sale, commencing to-morrow, at Red House.

MEMORIAL DAY.

Preparations that are Being Made for its Appropriate Observance.

Never before has so much interest been taken by the old soldiers in the preparation for the proper observance of Memorial Day as at the present time. The parlors of the Golden Eagle Hotel were filled last evening with Grand Army people, and the different committees having in charge the preparations for the occasion. The coming anniversary will be the twentieth since the setting apart of the day for the decorating of the graves of those who fell on the field of battle in defense of the Union. General John A. Logan, who was then Commander-in-Chief of the Grand Army of the Republic issued the first orders establishing the 30th of May as a day to be observed by the nation in commemoration of that event which has made us the greatest people among the nations of the earth. Nineteen years ago Wednesday next, Memorial Day was first observed on the Pacific slope by Sumner Post, of this city. At that time the Grand Army in Sacramento was numerically weak, Sumner Post having but a small membership, yet the interest taken in the observance of Memorial Day has never grown less, but has become of more importance as the years roll by. At the time of the first observance of the day in Sacramento

THE REV. DR. DWINELL

Delivered an able and eloquent address at the Congregational Church, after which Sumner Post, escorted by two local military companies, marched to the City Cemetery under command of Captain Ed. Shirland as Grand Marshal. After the graves of the dead soldiers were covered with flowers, Major Sherman delivered an oration.

Of the Grand Army men who marched with Sumner Post on that occasion there are but three now residing in the city, some of the others reside elsewhere, but the greater number of those boys who once wore the blue have answered their last roll call.

Last evening the Committee on Invitation reported that those of the State officers who expected to be in the city on Memorial Day would join with the old soldiers in the parade. The Board of Supervisors, Judge Van Fleet, Mayor Gregory and the Board of City Trustees, the Chief of Police in command of the Police Department, and other county and municipal officers have signified their intention to participate. The Committee on Music reported having secured the First Artillery and Hussar Bands for the parade and Noack's Orchestra for the evening exercises.

LITERARY EXERCISES.

The Committee on Literary Entertainment reported that the programme was about completed and that Lewis Morrison, the actor, had, upon invitation of the committee, consented to deliver an original poem written expressly for himself, entitled, "When You're Broke and When You're Flush." Mr. Morrison also volunteers to join in the parade.

On motion the hour of parade was changed from 2 P. M. to 10 A. M., and a committee was appointed to wait on General Sheehan and Colonel Guthrie to see if arrangements could be made which would be satisfactory to the military.

The committee appointed to wait on the City Trustees to ask for a donation to help defray the expenses of Memorial Day reported that the Board had donated $100 for that purpose. A unanimous vote of thanks was tendered the City Fathers for their generous act.

The following committee was appointed to solicit further assistance from the citizens: First district, from Front street to Eighth—J. N. Larkin, J. W. Reeves and George W. Ficks. Second district, from Eighth street to Thirteenth—Comrades Adams, Kellogg, Burnett and Wise.

The Floral Committee reported that donations of flowers were being liberally offered by the citizens. Captain Aull, of Folsom, has written that he will send a large supply.

The committee adjourned, to meet on Saturday evening at the same place.

Metropolitan Theater.

Announcement is made that for one week, commencing Monday evening next, Lewis Morrison, the accomplished actor, supported by a competent company—the original cast at the California Theater, San Francisco—will present the sensational drama entitled "A Dark Secret." The play is said to be of startling character and sensational interest and the text to possess literary merit. A chief attraction, however, is the scenic effect of a river of water upon the stage, covering 3,000 superficial feet of floor room. This body of water is to represent the rowing course upon the Thames. A tank is to be constructed, extending entirely across the stage, to hold 20,000 gallons of water. Upon this sheet a genuine steam launch seventeen feet in length plies, while racing shells, yawls and whitehall boats are introduced. Upon this course the most of the action of the play is had, and it involves rescues from drowning, a shell race, steam yacht excursions, etc., the back scenes so changing as to create the illusion of several and widely-separated points upon the river being shown. The prices have been fixed at 50 and 75 cents, without extra charge for reserves. Matinees will be given on Decoration Day and on Saturday.

Held Without Bail.

The examination of John George on a charge of having murdered a Greek by the name of Valentine Maldonado on Lone Tree Island, in the southern portion of this county, some two weeks ago, was held in Justice Divine's Court last evening. The State was represented by District Attorney Elwood Bruner, and the defendant by W. A. Anderson and E. C. Hart. The attorneys for the defendant cross-examined the witnesses for the prosecution, but offered no evidence of their own. The defendant was held, without bail. The evidence given was substantially the same as the statements which were published fully, at the time of the occurrence, in the RECORD-UNION. The attorneys for the defendant, when the case comes up in the Superior Court, it is understood, will put in a plea of self-defense.

Auction To-Day.

Bell & Co., auctioneers, will sell at 10 A. M., on the premises, the elegant furniture and fixtures of the Gem Saloon, No. 1124 Second street; also, five rooms of furniture, consisting in part as follows: One elegant marble-top sideboard, with plate-glass mirror, heavily carved; walnut counter, bottle-cooler, beer chest, large lot of very fine bar glassware and bar ornaments, bar-room chairs, card tables, bar mats, linoleum; walnut and Vienna chairs, vases, pictures, lounge, chandeliers, bed-room sets, with spring mattresses; feather pillows, Brussels carpets, toilet sets, blankets, etc.

Old El Dorado.

To-morrow afternoon the Oakland and San Francisco delegations to the El Dorado reunion will pass through this city en route to Placerville. From this city they will be accompanied by the First Artillery band. On Friday morning at 7 o'clock a train of two special cars will leave this city, arriving at Placerville in time for the picnic, and returning will leave Placerville at 8 P. M. of the same day. Tickets and badges can be secured by calling at R. J. Van Voorhies' to-day.

A Severe Fall.

At the Grangers' picnic yesterday a boy named Oscar Shultz, son of a widow living near Florin, was climbing one of the immense oak trees at Beach's Grove when he slipped and fell to the ground a distance of twenty-five feet. His head was badly bruised and his right wrist sprained, but Dr. T. N. Wiard, who examined him, stated that no bones were broken.

The Public Buildings.

The House Committee on Public Buildings yesterday amended the Senate bill (increasing the original limit of cost for the public building in this city to $150,000) so as to make the limit $200,000. If passed by the House in this shape the Senate will probably concur in the amendment.

The Fruit Union.

The California Fruit Union met in this city yesterday. Several of the Directors were absent, and it transpired that they had not been notified of the time and place. For fear that the transactions would not be legal, the meeting was adjourned to next Saturday, at 11 A. M.

Will Celebrate.

Mayor Gregory has called a meeting of citizens for Thursday evening at 8 o'clock, at the Court-house, to make the preliminary arrangements for the celebration of the Fourth of July.

THAT BELL.

"Just as He Began to Tell, the Auld Kirk-hammer Strak the Bell.

Of what earthly or other use is that tormenting "9 o'clock bell?" It hangs in a steeple on Fifth street, between J and K, in the midst of the city. At 9 every night it is struck loudly, fiercely, nine times, by an energetic individual, intent upon earning the salary its clangor secures. It is a dim tradition that it warns boys from the streets, but it is a fiction, pure and simple, and as a "curfew," is a clanging and intolerable nuisance. It smashes the invocation in the parson's benediction o' Sunday nights; it never fails to come in with its—

"Bang! bang! bang! bang!"

in the very midst of the most pathetic and intensely interesting portion of the play. When Dickens read the sorrowful story of "Little Emily," just at the point of wonderful silence that could be almost felt, that fearful bell dashed in with its

"Llam! slam! slam! boom!"

and knocked the pathos out of the whole evening's entertainment. When Brutus, "the noblest Roman of them all," was bowed in tears over the story of the death of his gentle wife, and Edwin Booth held the audience breathless with his wondrous power,

"Jam! jam! bang! clang! boom!

came that bell, and Booth, startled, shaken and disgusted, sank into his seat and mentally showered curses upon a people who tolerate such a bore. When the McNeill Club was in the midst of its richest concerted melody, and the audience held its breath to catch the delicate pianissimo effects, that monstrous bell broke in and utterly destroyed a round dollar's worth of musical enjoyment. As the parson prayed with tears in his voice for one at death's door, and all the congregation breathed amen and amen, again that demon bell, with its

"Ja-am, ja-am, b-l-i-n-g, bang, boom."

crushed the air and made every devout soul think wicked words. It gets in on time at every concert; it delights in destroying the richest passage of every lecture; it knocks pathos out of the drama, and devotion out of religion; it smashes the delicate structure of vocal sweetness, and crushes in its rude grasp the evening's pleasure the wage-earner pays a hard-earned dollar and sits up late to secure. At best the bell is a relic of the dark ages when clocks and watches were unknown and people were so ignorant that they had to be warned by sound to beware the hour of the watchman's coming. As a means of enforcing the curfew ordinance it is a clanging, clashing, colliding, collapsing farce. It puts every citizen to the shame of explaining to strangers what it means, and then the stranger laughs and asks, "Do you like it?" If the Trustees have any sense of the proprieties they will abolish its ringing, except to warn us of danger by fire, for 'tis a

"Wan wordy, crazy, dinsom thing,
As e'er was framed to jow or ring?
What gar'd them sic in steeple hing,
They ken themsel;
But weel not I, they couldna bring
Waur sounds frae hell."

CAL BREVITIES.

The ladies of Calvary Baptist Church will give an ice-cream social and entertainment in the church this evening.

Ida, the 5-year-old daughter of D. C. Smith, who resides on Twelfth street, between O and P, fell from a sew-saw a few days ago and broke her right arm.

The contest over the will of F. Appel, which commenced some days ago occupied the attention of Judge Van Fleet all day yesterday in the Superior Court. It will most likely be concluded to-day.

Deputy Sheriff Morrison, of Alameda, passed through the city yesterday en route to the branch prison at Folsom, having in charge C. W. Howard, who is sentenced to six years' imprisonment for burglary.

Beginning to-day, the freight and accommodation train on the Sacramento and Placerville Railroad will leave Sacramento at 7:30 A. M., instead of 8 A. M., and arrive from Placerville at 10:35 A. M., instead of 1:30 P. M.

The average Signal Service temperature yesterday was 57°, being 7° cooler than the normal for that day. The highest and lowest temperature was 68° and 48°, with fresh southwesterly wind; weather clear and cool.

The Governor yesterday appointed and commissioned E. W. Chapman, of Fresno county, a member of the Board of Commissioners to manage the Yosemite Valley and Mariposa Big Tree Grove, vice self, term expired.

A meeting of the property-owners on H street, from Tenth to Twentieth, was held at the Nevada Insurance Company's office on Second street last evening to consider the proposed street improvement. They decided unanimously to recommend the City Trustees to let the work to the lowest bidder and proceed with it at once.

The Naghel benefit entertainment drew a good house last night. The programme as announced was carried out. Messrs. Haglestien, Kleinsorge, Arnold, Goepel, Burns, Butler, Hart, Root, Cross, Bryant, Streeter, Eilerman, Van Hirsch and twenty-five young ladies took part. The whole affair was under the management of Col. Perrie Kewen.

Great Auction Sale.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember, a few years ago the word "malaria" was comparatively unknown; to-day it is as common as any word in the English language; yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver, which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel, is compelled to pass it off through the system, causing nervous troubles, malaria, bilious fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Bobby had wickedly eaten part of the preserves on the shelf, and his mother shut him in the closet. On letting him out she discovered that he had eaten the rest of the preserves. Mightily displeased, she asked him why he had done so. "Because, ma," Bobby replied, "I heard pa tell one of his clients that a person could not be punished twice for the same offense."

Peculiar

To itself in many important particulars, Hood's Sarsaparilla is different from and superior to any other medicine.

Peculiar in combination, proportion and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom.

Peculiar in its medicinal merit, Hood's Sarsaparilla accomplishes cures hitherto unknown.

Peculiar in strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "100 doses one dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla.

Peculiar in its "good name at home"—there is more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers.

Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time. Do not be induced to take any other preparation. Be sure to get

SAN FRANCISCO MARKET.

SAN FRANCISCO, May 22d.

FLOUR—The Abyssinia, which sailed yesterday for China and Japan, via British Columbia, carried no Flour from this port. She will probably take a considerable quantity aboard at Vancouver. Net cash price for California: Extras, $4 25@4 35 ₱ bbl; Superfine, $2 90@3 25.

WHEAT—No shipping trade in progress. It is too near the close of the harvest year for any movement to spring up in this direction until the new harvest begins to come forward. Millers are purchasing but lightly. Interest at the moment is centered in speculative operations, and Call Board transactions are accepted as authority for values of spot parcels. From $1 35 to $1 37½ ₱ ctl is about the full range for lots that will pass inspection standard.

BARLEY—The situation is not favorable for sellers. Crop prospects have improved so much of late that exhibitions trading in cereals has stopped, and Barley comes in for its full share of neglect. Feed is offered freely every day and receives fair amount of attention, but sales are slow, as the views of buyers and sellers do not readily harmonize as to values. Brewing is neglected, there being no outside demand, while local custom is of indifferent character. We quote: Good to choice, Feed, 81½@82½c; common, 80c; Brewing, 87½@$1 ₱ ctl.

OATS—Fancy description are in light supply and held with firmness, though the demand is not pressing. For medium and common qualities the inquiry is light and improvement slow and dragging. Prices are easy and sales at outside figures are not frequent. We quote: Surprise, $1 60@1 70; milling, $1 50@1 55; choice feed $1 37½@1 40; No. 1, $1 32½@1 35; No. 2, $1 30@1 32½; off grades, $1 25@1 27½; Gray and Black, $1 27½@1 32½ ₱ ctl.

CORN—Yellow is in fair supply, but offerings are more or less neglected and sales are few, while values are not strong. Quotable at $1 32½ to $1 35 ₱ ctl. The exhibit of White is slim, and buyers have paid as high as $1 65 ₱ ctl this week.

CRACKED CORN—Quotable at $29@30 ₱ ton.

CORNMEAL—Millers quote Feed at $30@31 ₱ ton; fine kinds for the table, in large and small packages, 2½@2¾c ₱ lb.

OILCAKE MEAL—Quotable at $28 ₱ ton.

SEEDS—The only notable recent sale in a wholesale way was a lot of 100 sks choice Yellow Mustard at $2 ₱ ctl. Brown Mustard is scarce and concentrated, though stocks are said to include very little that are strictly choice. We quote: Mustard, Brown, $2@3; Yellow, $1 75@2 ₱ ctl; Canary, 3½@4¼c; Hemp, 3½@4c; Rape, 1¾@2¼c; Timothy, 8c; Alfalfa, 8@8½c ₱ lb; Flax, $2 25@2 75 ₱ ctl.

MIDDLINGS—The market has weakened under late heavy receipts from the north. Quotable at $19@21 ₱ ton.

HAY—The circular of George Morrow & Co. reviews the situation as follows: "While there is no particular strength to the market, prices hold their own remarkably well, considering the season of the year. On the whole, the market may be described as easier in expectation of increased shipments of new Hay. About ten cars of new Hay arrived last week and were all sold at $14@15 ₱ ton. Dealers look for a slight decline the coming week, if shipments increase. New Alfalfa finds ready sale at $10@11. The prospects are said to be good for Alfalfa, as the crop of clover is short. We quote: Choice Wheat, $18; No. 1 Wheat, $15@16; choice Wheat and Oat, $16 50@17 25; good Wheat and Oat, $14 50@15 50; Wild Oat, $14@16; Tame Oat, $13 50@15; Barley and Oat, $13 50@15 50; coarse Barley, $10@11; Clover, $11@13. Compressed Hay is depressed under unusually heavy shipments from Livermore. Quotable at $13 to $15, the latter figure for choice Wheat."

STRAW—Quotable at 40@50c ₱ bale.

HOPS—The market has better tone, though business continues dull. Contracts for new crop are said to have been negotiated at a higher range than is now current. For 1887 growth, quotations range from 5@6c ₱ ctl for fair to choice.

BRAN—Is lower. Quotable at $16 50@17 50 for the best, and $15 50@16 50 ₱ ton for lower grades and outside brands.

RYE—Quotable at $1 75@1 90 ₱ ctl.

BUCKWHEAT—The first sample in a long while was seen on Change to-day. It attracted some little attention from millers, but was not sold. The best bid was $1 55 ₱ ctl.

GROUND BARLEY—Has declined. Quotable at $19 50@20 50 ₱ ton.

POTATOES — The market showed more strength this morning. Quotable at 75c@$1 15 ₱ ctl in boxes, 70@90c in sacks.

ONIONS—From 40@60c ₱ ctl will take in the extremes of the market.

DRIED PEAS—We quote: Blackeye, $1 65@1 75; Niles, $1 40@1 60; Green, $3@3 50 ₱ ctl.

BEANS—Quiet and easy. Jobbing trade only. We quote prices: Bayos, $2 10@2 20; Butter, nominal; Pink, $2 20@2 40; Red, $1 90@2 10, Limas, $3 25@3 75; Pea, $3 25@3 75; Small White, $3 25@3 60 ₱ ctl.

VEGETABLES—Receipts of Green Corn are limited. Asparagus finds good custom at steady rates. Green Peas and String Beans make good exhibit, and are both in fair demand. Squash is well represented, being of fine quality. Tomatoes are not worth a quotation at present. Receipts are slim and mostly so very poor as to be unsalable. Cucumbers continue in large supply. We quote as follows: Green Corn, 20c ₱ dozen; Asparagus, $1 25@1 75 ₱ box for good to choice, $2 5.@1 for fancy quality. Rhubarb, 50c@$1 ₱ box; Green Peas, 8@9c ₱ sack; Garden Peas, 2c ₱ lb; String Beans, 3½@4c ₱ lb; Refugee Beans, 5½@6c ₱ lb; Wax Beans, 3½@4c ₱ lb; Summer Squash, 75c@$1 ₱ box for Vacaville and $1 75@2 for Bay; Los Angeles Tomatoes, —@— ₱ box; Green Peppers, 20@35c ₱ lb; Cucumbers, 20 @ 40c ₱ dozen; Turnips, 50 @ 75c ₱ ctl; Beets, 75c@$1 25 ₱ sack; Carrots, feed, 30@50c; Parsnips, $2 50@3 ₱ ctl; Okhbare, $1@1 25 ₱ ctl; Garlic, 1c ₱ lb; Cauliflower, 75@90c ₱ dozen; Dry Peppers 6c to 8c ₱ lb.

FRUIT—Peaches made their appearance today for the first time this season. Arrivals were too ripe and buyers declined to pay the asking price of $2@2 50 ₱ box. Apples are coming to hand a little more freely, but are yet too green to attract attention. A light consignment of Apples from New Zealand has been on the market for some days, offering at fancy prices, say $4 to $5 ₱ box. Receipts of Cherries to-day were notably large, causing a decline in prices, which would have been more positive had the weather not been cool. Large quantities were carried over. Raspberries and Strawberries are rather in excess of trade needs, and peddlers have good chance to buy. Cherry Plums and Apricots are pushing to the front as features, and are not neglected by purchasers. Currants come along in good order and sell cheap. We quote prices as follows: Apples, 50@75c ₱ box; Cherries, 25@75c for white, and 40@75c ₱ box for black; Gooseberries, 2@2½c ₱ lb for common and 4@5c ₱ lb for English; Strawberries, $3@4 for Sharpless, and $6@8 ₱ chest for Longworth; Raspberries, $8@10 ₱ chest; Cherry Plums, 60@75c ₱ box; Apricots, 75c@$1 ₱ box for Pringle, and $1@1 50 ₱ box for Royal, and $2@2 25 ₱ box for Early Golden; Currants, $4@5 ₱ chest; California Wonders, $1 50@2; do Navel, $3@4 ₱ box; Tahiti Oranges, $17 50@20 ₱ M; Mexican Limes, $3@4 ₱ box. DRIED FRUIT—Market quiet, with prices not in favor of sellers. We quote as follows: Sundried Apples, 5½c ₱ lb for sliced and 4½c for quartered; Alden, 7@8c; Apricots, 12½c for unpeeled bleached; do, sun-dried, 8@9c; Blackberries, 12@13c; Figs, 3@5c for sacked; 3@4c for unpressed; Smyrna Figs, 13@16c for layers, and 7@8c for kegs; Nectarines, 8@10c; Peaches, 17@18c for peeled, and 8@9c for unpeeled; Prunes, 4@5c for whole and 7@7½c for sliced; machine-dried, 9@10c; Prunes, 10c for pitted and 4c for unpitted; German Prunes, 6@7c; French Prunes, 7@9c ₱ lb; Raisins, London Layers, $2 25 ₱ box, with 25@75c advance for fractions; Common, $1@1 25 ₱ box.

HONEY—Quiet market, with weak tone to values. New crop is coming forward, the quality said to be good. We quote: Bright new comb, 12½@13c ₱ lb; old stock in comb, nominal, as follows: Bright extracted, 6@6½c; amber extracted, 5@5½c; dark extracted, 5c; candied, 4½@5c ₱ lb.

BUTTER—Although there is no change to report in quotations, the market is not so firm as a few days ago. Comparatively high selling prices caused more liberal shipments from the several dairies, and local commission merchants had to shade on asking figures to prevent accumulation. At the moment the demand is barely equal to the supply. If packing operations should stop in the interior there would likely be a decline in Butter quotations. Dealers, however, do not expect such a contingency. The impression seems to be general that for a little while to come there will be no great variation in prices. We quote as follows: Fancy, 25@28½c; good to choice, 26@27½c; common, 23@25c; store lots, 17½@22½c; Eastern, 17@21c ₱ lb.

CHEESE—Receipts are fair from excessive, and sellers are firm in asking prices. The situation is decidedly agasnst the consuming interest. We quote as follows: Good to choice, 10½@11c; common, grades, 8@10c; Eastern, ordinary to fine, 10@15c ₱ lb.

EGGS—The market is heavily stocked with the Eastern article, and so long as this surfeit lasts there is but little hope for improvement in prices for domestic product. Occasionally a box or so of extra fine quality sells above quotations, but this is exceptional. We quote prices: California, 20c for select ranch, and 17@19c ₱ dozen for store lots; Eastern, 15@16c ₱ dozen.

POULTRY—Receipts of California Poultry are not particularly large, which is fortunate for sellers, as the market is liberally supplied with Eastern consignments. These latter arrivals are becoming quite frequent, and materially disturb values. Although the market is not what might be termed demoralized, it presents but few features of encouragement for domestic shippers. We quote prices: Live Turkeys—Gobblers, 17@18c ₱ lb; Hens, 15@16c; dressed Turkeys, —@—c ₱ lb; Roosters, $6@6 50 for old, and $9@12 for young; Hens, $6 50@7 for ordinary stock, and $7 50@8 for choice; Broilers, $3@3 ₱ doz; Ducks, $4@5 for old and $6@7 for young; Geese, $1 25@1 50 ₱ pair for old and $1 50@1 75 for young; Pigeons, $2 50@3.

GAME—We quote: Rabbits, $1 25@1 50; Hare, $1 50@1 75 ₱ dozen.

PROVISIONS—Business is of moderate proportions. Some descriptions of Bacon are a shade higher, while Pork product shows marked advance. Barrel Beef is shaping more favorably for buyers. Lard has advanced. We quote: Eastern Hams, 14@15c; California, 11½@12c for salt; refrigerator-cured, 12½@13c; Eastern Breakfast Bacon, 13½@14c; California Bacon, 10½@11c for heavy and medium, 11¼@11½c for light medium, 12@12½c for light and 13@13½c extra light; Clear sides, 11½c ₱ lb; Pork, $14 ₱ bbl for extra prime, $16 ₱ bbl for prime mess, $19 50 ₱ bbl for mess, $21 for clear, $22 for extra clear; Pigs' feet, $11 50@12 ₱ bbl; Mess Beef, $6 50@9 ₱ bbl, $3 50@7 for hf bbls; Extra Mess Beef, $10@10 50 for bbls, $5 50@5 75 for hf bbls; Family Beef, $14@14 50 ₱ bbl; California Smoked Beef, 12@12½c ₱ lb; Eastern Lard, 9½@10c for tierces and 10½@10¾c ₱ lb for pails; California, 8½c; compound, 6½@6¾c; hf bbls, 10c; 10-lb tins, 8¼c; 5-lb tins, 9c; pails, 10¼c for 10-lb, 10¾c for 5-lb and 11c ₱ lb for 3-lb pails.

WOOL—There has been some business the past week, both for shipping and scouring, and sales have been fairly liberal. The clip for the season from all California points, and from Oregon as far as received, is said to be very inferior as a rule. Wools are short, poor and dirty. Dealers say that prices can be quoted lower than at any former time on this coast. The California clip is pretty well in from all sections, except Sonoma, Humboldt and Mendocino counties and the extreme north, say Siskiyou and adjoining districts. Reported sales of 300,000 lbs at 10c to 13c ₱ lb. We quote:
